

Our plans for the bottle show on Sept. 28th are now finalized and we are well on the way to what we hope will be a success. We still need volunteers to help for an hour or two at the show. If you are able to give us some time notify Peggy Jo Whitman or come to our next meeting and sign up. Many out of state dealers have inquired about our show which is most encouraging.

The meeting in August was another success. We had 32 people present. Our auction earned 42.25 for the club. You may still bring bottles for the auction next month. The money earned from the last two has mainly paid for bottle show expenses. We will also have the auction for individuals. (Only 10% of this goes to the club) Some good buys at our last auction-- Warner's Safe Kidney and Liver Cure 7.50; Amber Maltine 1.25; Hostettlers Bitters 4.50

NOTES Dan Salzwimmer dug a Logw's bitters and three Rex's bitters. He did this while the rest of us were at the Becker's for bottle meeting. Bill Koster dug a Mason Union Fruit Jar and a deep emerald peppersauce.

Stuarts guide to avon prices lists the following: Bath Urn \$20; Bayrum Keg \$15; Bayrum Jug \$15; Viking horn \$20; Pony Decanter \$7

It is estimated that there is enough sand in the world to make bottles for only the next three billion years.

Repair jobs on bottles, especially those using resin will show up clearly under black light.

EVENTS Burton Show Sept. 6
Beaver Street Sept 14
Perkins Mansion 21 Sept

Ohio Bottle Show Sept 28
Ft. Wayne Show Sept. 21

The September meeting will be held on september 9th at 7:30 PM at Ralph Bonds Home. The main topic is insulators and Alan Easterday will present a short history and display. The door prize will be awarded to the person bringing the most unusual insulator. Please tape your number to your insulator so that we can choose in this way.

NEW MEMBERS - Keep these to add to your list.

① Paul Blake
43 High St.
Seville, O.
general

③ Dwight Cook
302 Nautilus Lane
